

FOREIGN EXCHANGE SITUATION ATTRACTS ALL MARKET EYES

London Remittance Fall to Lowest Point on Record—All Financial Markets Reflect The Tendency.

NEW YORK, Feb. 15.—The gravity of the diplomatic situation and the demoralization of the foreign exchange, with declines in London remittances to the lowest within memory, overshadowed all else on the stock market. London sight drafts fell to four eighty one and continental exchange likewise suffered. Switzerland, Italy and other neutrals reflected the abnormal situation now prevailing in all foreign markets. Experts believe the foreign exchange will decline further unless the Bank of England releases more of its gold now held in Ottawa.

Stocks moved perfunctorily, their rise and fall being dominated by the professional element which seemed disposed at the outset to cover outstanding commitments. Short interests later became moderately aggressive, leading stocks declining only to almost two points under early high prices. The closing was somewhat irregular.

Mexican Petroleum, whose recent rise was the subject of much comment fell over four points and a few other speculations were heavy. Bonds were heavy with much pressure on the international division. Total sales of bonds at par value, \$2,195,000. United States registered T's advanced four eighth on call.

(By L. J. Overlock.)

BOSTON, Feb. 15.—Market irregular with only fractional net changes. The many favorable domestic influences are somewhat retarded by the uncertainty and nervous tension relating incidentally to the European situation.

The copper share market continues to broaden out with new buying orders piling up. Conditions are favorable for a substantial upturn and purchases on slight recessions will prove profitable in the near future. Paine, Webber & Co.

COUNCIL MEETS SECOND TIME THIS MONTH

Several Subjects Expected to Enliven Proceedings of Body Tonight—First of Semi-Monthly Meetings.

The first mid-month meeting, under regular schedule, of Bisbee's city council, takes place tonight. At the last meeting it was unanimously agreed that in order to take care of the business of the council two regular meetings a month should be held. The meeting tonight is the result.

Matters of importance are expected to come before the council for attention. In the first place the quiet is expected to be placed on the petition to change the name of Brewery Gulch. At the last meeting of the council a petition with the names of about fifty people, was presented to the council, asking that the name be changed.

It was shown by several of the members that the name of the thoroughfare was modernized, some two years ago, by changing the last part of the name from "Gulch" to "Avenue." It was put forth that any further change, as to Park Avenue or something else, would meet with about the same fate as the hands of the people. In other words the people would go on calling the street Brewery Gulch. Petitioners, two in number, one from business men along the Gulch, and one from residents along the upper end, have been filed with the council and will, undoubtedly, make their appearance tonight.

Ned Johnson and Brewery Gulch road conditions will come up for further consideration tonight. There is a decided determination on the part of some of the councilmen and some of the residents of the two streets to secure some action on the matter and it is thought it will be brought to a head tonight.

The park matter also will come up again. It is understood that the price on the Harris property, sought by the council, is now offered for sale at \$25,000. It is also said that Reno Brothers will dispose of their property to interests on the proposed park site, at a materially reduced figure. What steps will be taken to secure this property and proceed with the establishment of a park on the old cemetery grounds, is more or less a matter of conjecture. There are members of the council who are opposed to any expenditure on the part of the city at the present time. The mayor and one or two councilmen, on the other hand, are anxious to see the proposition put through. The residents of Bisbee and property owners are divided along the same lines.

The speed ordinance and its enforcement, brought to a focus by the arrest, Sunday, of a number of drivers, is likely to bring forth a lively discussion, as is also the matter of the destruction of the McWhorter automobile wagon some weeks ago. All in all, it would appear that there would be enough business before the council tonight to enable the councilmen to occupy their attention for several hours.

PHOENIX'S MANAGER GETS SHORT RESPIRE

PHOENIX, Ariz., Feb. 15.—The hearing of charges against City Manager Farish on account of today being a holiday, was postponed to February 17.

Five hundred people accepted invitations of the chamber of commerce and gathered in the capital grounds this afternoon, a part of the celebration of "Newcomers' Day," and heard an address by Governor Hunt and enjoyed the reception tendered them by him and other state officials.

Plans have been filed for construction of a 23-story addition to Metropolitan Hotel, New York, to cost \$1,000,000.

CHAMPIONSHIP OF STATE GOES TO MIAMI

In Fastest Game Ever seen on Local Football Grounds Miami Takes Title from the Picked Bisbee Team.

In the best, fastest and most hard fought game of football ever seen in the Warren District, the great team from Miami defeated Bisbee by the score of 4 to 2.

Miami won the toss and chose to play with the sun at their backs. Miami kicked off and the game started with a rush, which never let up during the entire game.

Bisbee was playing a better game than the day before and for the first part of the contest kept the ball in the Miami territory, making a number of attempts to score, but the Miami backs and goal keeper were on the job every minute. Bisbee seemed unable to locate the goal sticks.

The Picked fullbacks, Hibbs and Johnson, were playing a great game and putting some long kicks toward the Miami goal. After some of the fastest kind of play, Miami scored—but they feared for Bisbee.

Larkin, one of Miami's fullbacks, put his foot out to stop a long shot, but the ball struck the top of his instep and went into the net like a shot. The best goalkeeper in the world could not have stopped it. Score, Bisbee 1, Miami 0.

Miami again kicked off at the center and with some great team work soon had the Bisbee goal in danger. After some fine defense by Bisbee Edwards scored a fine goal from a difficult position. Miami 1, Bisbee 1.

Bisbee started the ball this time but Miami soon had the ball in Bisbee's half and with the right wing entering the ball, Harris, captain for Miami, made a beautiful attempt to score by heading the ball which struck the top of the cross bar. Miami, showing the best team work ever seen here, kept the ball near Bisbee's goal and one of the Bisbee backs kicked the ball toward their own goal and Murry, rushing out to save a corner kick, sent the ball spinning but not very far, and the Miami forwards all closed in, one of them sent the ball toward the goal, then unprotected. Ned Johnson, right fullback for Bisbee, rushed across in front of the goal and saved the goal. In one of the finest plays, making a corner kick, Miami kicked the corner but some good work by Ashman and Hibbs soon had the ball out of danger. The first half ended with the score 1 to 1.

Bisbee had the ball in Miami territory soon after the second half started, and with all the forwards coming down the field, Johnson, left wing, caught the ball on the fly and sent it

a fine shot to the goal, which went between the keeper's legs, making the score Bisbee 2, Miami 1.

The Bisbee players made themselves heard, but they soon had cause to quiet down. Miami, with the most determined of play, took the ball down their right wing and centering the ball, caused some fierce playing in front of Bisbee's goal. Murry, the goal keeper, was knocked down in clearing the ball and Edwards shot in a fine goal before Murry could get up. It was perhaps the fastest goal ever scored after a kickoff in this game. Score, Miami 2, Bisbee 2.

Goals seemed equally determined and for awhile kept the ball in Miami's half, but Miami showed great team work and the play opened up in a mishap near the center of the field. Johnson, of Bisbee, kicking at a high one, accidentally caught Larkin, one of the Miami fullbacks, in the side and it was some minutes before the game could go on.

Miami soon kicked the ball in touch and one of Bisbee's players threw the ball out. Laddie caught the ball in the air and sent it over to Kelly, center, who caught it before it touched the ground and very neatly placed it in the net. Bisbee 3, Miami 2.

Miami, showing the best team work seen here, kept the ball in Bisbee's half and soon got another goal, which was scored by Stillley. Miami 3, Bisbee 2.

Miami apparently was as fresh as at the start, and in a desperate play before the Bisbee goal, scored another goal with Murry knocked down again. Rushworth scored the goal.

The fast play continued but with no more scoring, Miami winning by the score of 4 to 2.

DRYS ARE HOPEFUL

It is anticipated that the Prohibition bill will come before the house for final passage tomorrow. The drys are hopeful of its passage, but admit that several members, heretofore friendly to the measure, have deserted.

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get along four ounces of plain, ordinary liquid arsenic; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arsenic at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Brophy Garage & Supply Co.

There has been a sharp decline in the price of automobile tires. Supply your wants now while the price is down. We carry the largest stock of Firestone, United States and Goodyear Tires and Tubes, and Accessories in Southern Arizona.
